

12/24 Volt Hardwire with Built-in Relay

ASD100

The American Sensors ASD100, 12/24 Volt AC or DC hardwire smoke alarm with built-in relay is an all purpose "low voltage" smoke alarm incorporating reliable "dual-ionization" technology. The built-in relay feature makes the ASD100 an easy choice for "system applications", where auxiliary devices such as exhaust or annunciator systems, are required. Up to 12 units can be interconnected for simultaneous warnings, and the built-in relay will automatically reset at the conclusion of an alarm condition.

FEATURES

- 12/24 volt AC or DC- Hardwire with built-in "NO/NC Form C" relay
- Automatic alarm reset
- Alarm source indicator
- Interconnectable up to 12 units (Also interconnects with ASD200)
- Tamper Resistant "Lock-it" key mounting hardware included
- Dual-ionization
- Alarm and power test feature and LED's
- 10 Year Limited Warranty
- Meets applicable standards

Item Order Number: ASD100KA (Canada):
Master Carton Quantity of 10

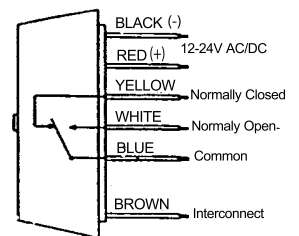

TECHNICAL SPECIFICATIONS

Voltage:	12/24 volt AC or DC
Interconnection:	Up to 12 alarms
Alarm Sound Level:	85 dB at 10 feet (3 m)
Indicator Light:	Green solid-state LED indicates alarm is receiving power
Dimensions:	5.25" (133 mm) x 1.75" (45 mm) (excluding base plate)

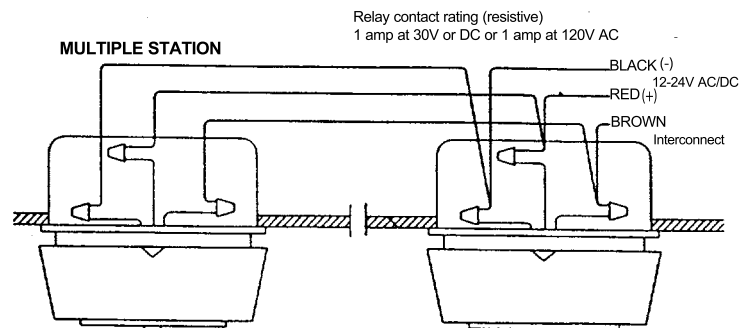

NORMAL OPERATING CONDITIONS

Temperature Range:	40°F (5°C) to 100°F (38°C)
Relative Humidity:	10% to 85%

Wiring: Model ASD100
12 / 24 Volt AC or DC
Interconnectable Smoke Alarm
with Relay
