

Tamper Proof - Sealed 10 Year Lithium Powercell SA901

Item Order Number: SAAC-901A (Canada)
SAAU-901A (U.S.A.)
Master Carton Quantity of 10

TECHNICAL SPECIFICATIONS

Expected Battery Life: 10 years - UL approved
Low Battery Signal: Up to 30 days
Alarm Sound Level: 85 dB at 10 feet (3 m)
Indicator Light: Solid-state LED flashes once every 45 seconds
Dimensions: 5.25" (133 mm) x 1.5" (38mm)

NORMAL OPERATING CONDITIONS

Temperature Range: 40°F (5°C) to 100°F (38°C)
Relative Humidity: 10% to 85%

The American Sensors SA901 is a Tamper Proof battery operated unit utilizing reliable "dual-ionization" technology. This innovative model incorporates a "UL approved" 10 year Lithium power source to ensure continuous and uninterrupted service for a full 10 years. The unique "**Twist and Power**" design feature ensures that the battery is only activated when installed to its mounting base, and the "Lock-it" design of the base protects the unit from tampering or disabling. This model is ideal for property management applications where it is not practical to install an AC powered model.

FEATURES

- Tamper Proof "Sealed" cover design
- "Long Life" "Approved" lithium battery powered
- Ideal for property management/suitable for all areas
- Alarm-Pause® feature
- Dual-ionization technology
- Alarm and power test button
- Low battery warning
- Deactivation switch to disable the alarm and make it safe for disposal
- Operating LED
- Easy installation/Tamper Resistant mounting hardware included
- 10 Year Limited Warranty
- Meets applicable standards
