

CO800

The American Sensors CO800 monitors carbon monoxide gas. It measures for concentrations of CO and sounds a loud emergency alarm when a potentially harmful level is reached. The unit is easy to install as it simply plugs into any standard 120 volt wall outlet (requiring no tools or batteries).

FEATURES

- Direct plug-in - Locate in any standard 120 Volt AC outlet
- Advanced semiconductor sensing technology
- No batteries or replacement sensor required
- Emergency alarm
- Instant test/reset feature
- Self diagnosing circuitry
- Power and alarm light indicators
- Loud 85 decibel alarm pattern
- 5 Year Limited Warranty
- Meets applicable standards

Item Order Number: COAC-800C
Master Case Quantity of 6

TECHNICAL SPECIFICATIONS

Detection Method:	Advanced semiconductor sensing technology
Sensitivity:	Continuous monitoring as per applicable standards
Dimensions:	3"(w) x 5"(h) x 1.70"(d)
Power Supply:	120 volt AC (60 Hz, 7w)
Alarm Sound Level:	85 dB at 10 feet (3 m)
Alarm Duration:	Repeating pattern while hazardous level of CO is present

NORMAL OPERATING CONDITIONS

Temperature Range:	40°F (4.4°C) to 100°F (37.8°C)
Relative Humidity:	30% to 70%

ADDITIONAL PRODUCTS/CO ALARMS

120V AC Plug in *LED Display *LED Display and battery back-up	CO800 CO910 CO920 CO851 (Ultra Series)
9 Volt Battery Portable	CO1100G (Canada only) CO850 (Ultra Series)
120 Volt AC Hardwire *Hardwire with battery back-up /interconnect *Combination Smoke/CO 120 Volt Hardwire/interconnect	CO810 CO842 (Ultra Series) COS2010
